We intend to be recognised for excellence and leave our mark as a merchant focused on sustainability, as well as a socially responsible organisation.

Antalis suppliers are committed to meet all regulatory requirements:

- Health and Safety legislation
- Environmental legislation
- Eu-Ecolabel
- R.E.A.C.H
- UK & EU Timber Regulations

To demonstrate beyond compliance **Antalis** suppliers' plants are certified to the following voluntary third-party certifications:

- Environment: ISO 14001
- Quality: ISO 9001
- Permanent paper: ISO 9706
- Eu-Ecolabel
- Sustainable sourcing: FSC™

We hereby certify that all paper products manufactured by our suppliers do not contain any conflict minerals from the DRC.

We hereby certify that all wood pulp used by our suppliers do not come from Russia and Belarus.

Pulps used are Elementary Chlorine Free (ECF).

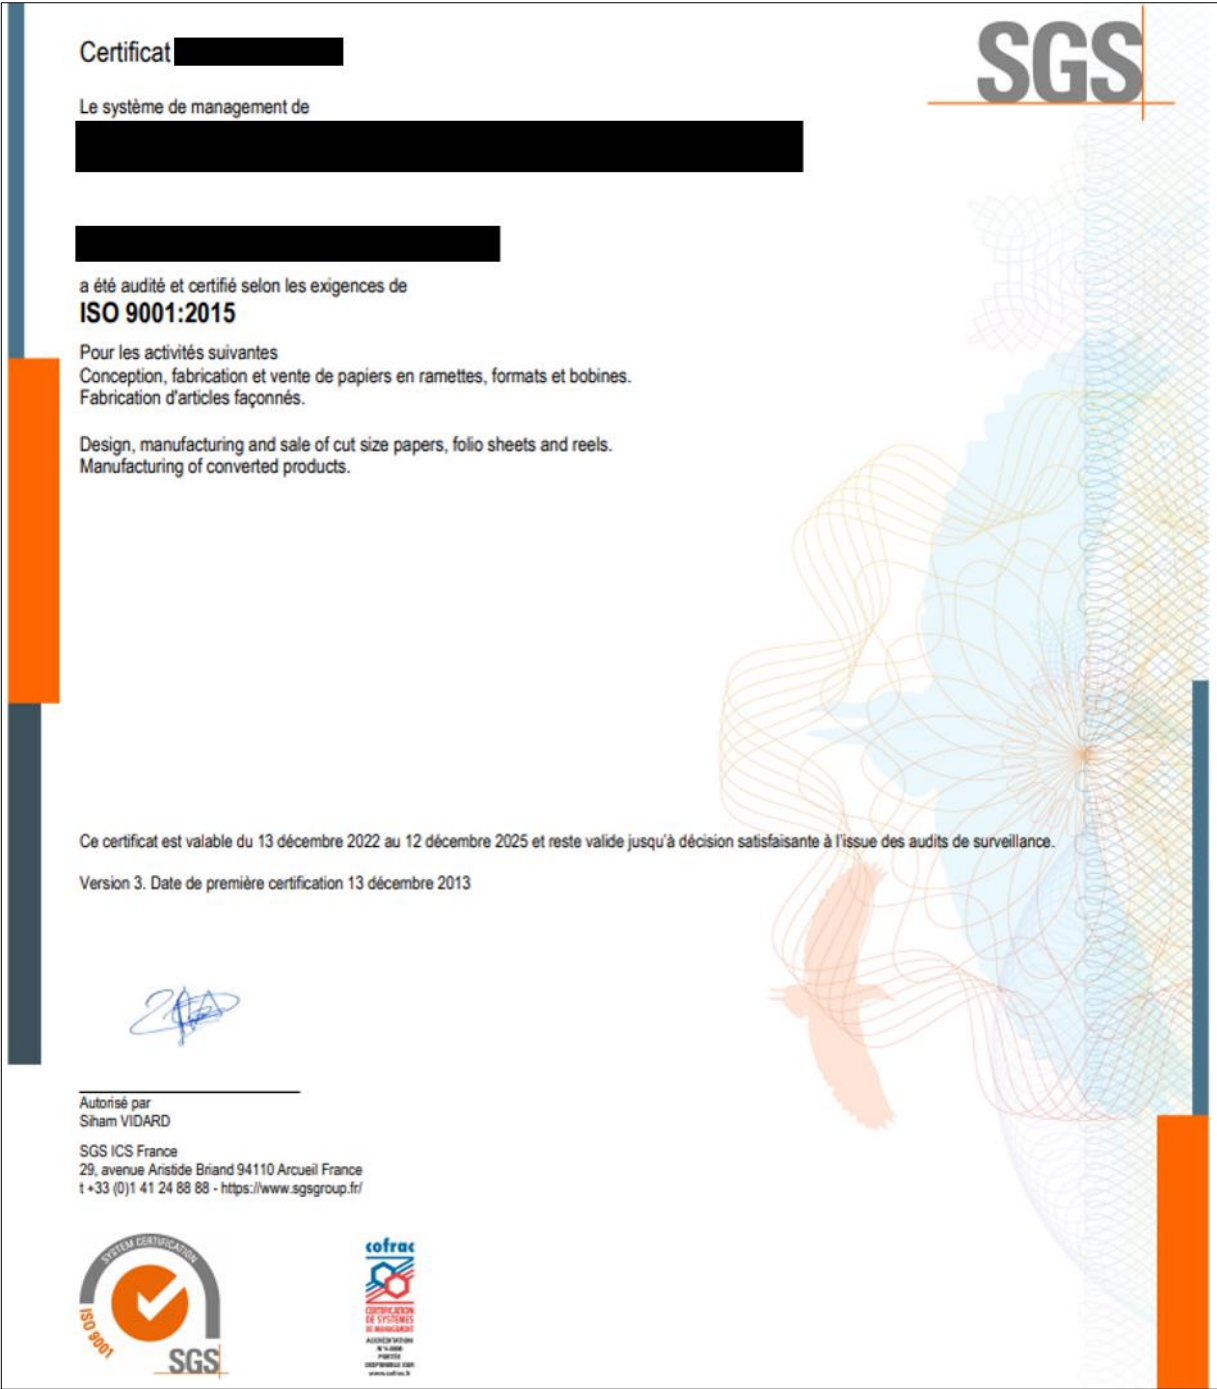

Antalis and its supplier certify that **Olin Design** products are made with an environment management system which complies with the requirements of ISO 14001

Antalis and its supplier certify that **Olin Design** products are made with a quality management system which complies with the requirements of ISO 9001

Antalis and its supplier certify that **Olin Design** products comply with the requirements of ISO 9706

ISO 9706 CERTIFICATE

We, [REDACTED], hereby certify that the OLIN range is compliant with the requirements of ISO norm 9706 (Information and Documentation – Paper for Documents – Requirements for Permanence)

Among these requirements are the following specific points :

- Resistance to oxidation, absence of mechanical pulp : **Compliant**
- Tear resistance, minimum resistance of 350 mN : **Compliant**
- Non acidic paper, pH value between 7.5 and 10 : **Compliant**
- Protection against acidification over time, alkaline reserve above 30 g CaCO₃ per Kg paper : **Compliant**

The fulfillment of these norm requirements allows an almost intact preservation of paper properties for hundreds of years.

[REDACTED] May 25th, 2023.

Antalis and its supplier certify that **Olin Design** products comply with the requirements of EU-Ecolabel certificate

ATTESTATION REACH

Dans le cadre du règlement européen REACH n°1907/2006, et pour garantir l'utilisation en toute sécurité pour la santé humaine et l'environnement de nos produits, nous vous confirmons que :

- [REDACTED] ne sont ni fabricant, ni importateur de substances et mélanges de substances chimiques, et sont donc considérées comme « utilisateur en aval ». Nos produits ne sont donc pas soumis aux pré-enregistrements, enregistrements et évaluations rendus obligatoires par le règlement REACH.
- D'après les informations transmises par nos fournisseurs, notamment les fiches de données de sécurité, toutes les substances ou mélanges de substances chimiques utilisées pour la fabrication de nos produits répondent aux obligations du règlement REACH.

En outre, les produits utilisés pour la fabrication de nos papiers ne contiennent aucune substance chimique (dans une concentration supérieure à 0,1 % en masse) incluse dans la liste des substances extrêmement préoccupantes candidates en vue d'une autorisation (SVHC) et mise à jour le 14 juin 2023.

Nous restons à votre disposition pour tout renseignement complémentaire.

WOOD SPECIES AND COUNTRY OF ORIGINS

Antalis and its supplier certify that **Olin Design** products don't use substances from Russia and Belarus

Certifications FSC et PEFC

-

Conflit entre la Russie et l'Ukraine

En raison du conflit armé qui oppose la Russie à l'Ukraine, les organisations FSC et PEFC ont décidé que les matières forestières en provenance de Russie et Biélorussie ne pourraient plus être utilisées dans des produits certifiés.

Tous nos fournisseurs de pâte à papier potentiellement concernés ont été consultés et nous ont confirmé que tous leurs approvisionnements en bois issus de Russie et Biélorussie avaient été stoppés dès les annonces faites par FSC et PEFC.

Nous vous certifions donc par ce document que nos papiers ne contiennent pas de fibres de cellulose issues de bois de conflit.

DECLARATION D'ORIGINE DES FIBRES DE CELLULOSE – Année 2022

- FRANCE

Date : 13/05/2022

Version : 00

Page : 1 / 2

sélectionnent des pâtes à papier fabriquées à partir de bois issus de forêts gérées durablement, certifiées/contrôlées par des organismes indépendants.

Des pâtes fabriquées à partir de fibres celluliques de récupération (FCR) peuvent également être utilisées.

L'entreprise est certifiée FSC® (certificat n°BV-) et PEFC™ (certificat n°BV-).

Le tableau ci-dessous précise, pour les pâtes à papier réceptionnées en 2021, les différentes essences de bois utilisées et leur provenance par pays.

Conflit russo-ukrainien : Conformément aux directives de FSC et PEFC, nous vous informons que nos fournisseurs ont totalement cessé de s'approvisionner en bois en provenance de Russie et Biélorussie depuis début mars 2022.
