

7.8.2013

DECLARATION OF CONFORMITY, EUROPE

Product description

Sticotac Semigloss (Sheets)

CKC

Use: Paper, a component of pressure-sensitive label

Food contact regulations

We hereby confirm that the above mentioned product is in compliance with the EC regulations

EC 1935/2004 on materials and articles intended to come into contact with food

Furthermore the above mentioned product complies with

the German recommendation BfR (Bundesinstitut für Risikobewertung)
XXXVI for paper and board for food contact

Code of Federal Regulations, FDA 21 CFR, parts 170-189

Specifications on the use of the material:

- According to the compositional investigations performed by accredited laboratory (EN ISO/IEC 17025) the above mentioned paper is suitable for packaging material for
 - o dry, non-fatty foods according to BfR XXXVI, 1 June 2009, Germany
 - o dry foods, according to FDA regulations 170-189, 1 April 2010, USA
- The above mentioned material has been tested for off-odour and off-flavour. The result indicate that the above mentioned paper is not inclined to bring about deterioration in the organoleptic characteristics of food being in contact with the paper. According to the odour test the off-odour was relatively distinct.

In view of many factors that may affect processing and application of our product, this does not relieve processors from carrying out their own investigations and tests.
