

MATERIAL DESCRIPTION

Coala Citylight ES is a 150g/m² white matt coated paper designed for Eco-solvent inks. It is ideal for poster applications and especially for backlight applications. It has excellent printability, machinability, good transparency and stiffness during printing and installation. Coala Citylight ES offers outstanding flatness, even with large formats. It is used in shopping centers and other large commercial premises.

This paper is developed for Eco-solvent inkjet printing.

PRINTER & INK COMPATIBILITY

WEIGHT

PHYSICAL PROPERTIES

- Finish: matt
- Thickness: 180µm
- Whiteness CIE: 98% (ISO 11475)
- Gloss ts: 22% (EN ISO 8254-1)
- Roughness PPS: 1,4µm (DIN ISO 8791-4)
- Dry opacity: 99% (ISO 2471)

BENEFITS

- Developed for best results with eco-solvent inkjet printing
- Wet strength
- Excellent dimensional stability, even when subjected to the indoor humidity fluctuations of retail premises equipped with air-conditioning
- Good scratch resistance
- Maximum opacity supports your message, whatever there is behind the poster.
- Perfect PVC free solution

APPLICATIONS

- Indoor posters and advertising message
- City light posters
- POS signage

SHELF LIFE STORAGE AND CONDITIONS

- 1 year under normal conditions (+15° to +35°C at a relative humidity between 30% and 75%. Higher humidity and/or temperature can affect the product performance. Always store the media in a dark place in its original packaging.

The following technical details are issued to the best of our knowledge, however, without any responsibility for results due to several different kinds of material and application processes. Therefore, we highly recommend that before every usage a test should be conducted on the original material. Antalis cannot be responsible for any damage to the printer caused by printing our media.
