

# COALA FERRO BASE ADHESIVE

## MATERIAL DESCRIPTION

Coala Ferro Base Adhesive is used to make a non steel/iron surface suitable for easy-to-replace magnetic graphics. This dark brown material is self-adhesive and can be applied to flat, curved and cylindrical surfaces. After mounting the ferrous panel, simply apply printed magnetic graphics to the surface. Due to the weight, large panels should be securely fixed at the top either by staples or HT double sided tape.

### THICKNESS

500 $\mu$

### WEIGHT

2075  
g/m<sup>2</sup>

### HOLDING STRENGTH

100  
g/m<sup>2</sup>

## FEATURES

- Flexible ferrous base
- PVC-free
- Easy to re-position
- Dark brown surface / Non printable
- Acrylic adhesive
- Indoor and static outdoor use

## APPLICATIONS

- Indoor retail advertising
- Interior decoration
- Trade show graphics
- Boards

## MOUNTING

- Vertical mounting is the best method, horizontal mounting will result in a lower holding force.
- Draw a vertical line on the mounting surface to align the first panel vertically.
- Remove the release liner from the ferro base film.
- Apply the ferro base film to the mounting surface with a squeegee, starting at the top, from the center to the sides.
- Mount the second panel, panels should not overlap. Leave a 1mm gap between the panels to allow thermal expansion.
- Do not stretch the material during mounting.
- It is recommended to use saddle stitching to fix the edge of large ferro panels.

PVC  
FREE

### SHELF LIFE STORAGE AND CONDITIONS

• 1 year under normal conditions (+15° to +35°C at a relative humidity between 30% and 75%. Higher humidity and/or temperature can affect the product performance. Always store the media in a dark place in its original packaging.

The following technical details are issued to the best of our knowledge, however, without any responsibility for results due to several different kinds of material and application processes. Therefore, we highly recommend that before every usage a test should be conducted on the original material. Antalis cannot be responsible for any damage to the printer caused by printing our media.
