

COALA MATT COATED 120 XL

MATERIAL DESCRIPTION

Coala Matt Coated 120 XL is a medium weight matte paper with a quick drying ink receptive coating. The short dry time makes it suitable for modern high speed wide format printers using waterbased inks. Core diameter: 3 inch / 76 mm.

PRINTER & INK COMPATIBILITY

WEIGHT

120
g/m²

FEATURES

- Matte finish
- Good flatness and stiffness

- High resolution

APPLICATIONS

- POS Graphics
- Posters
- CAD
- Imposition proofing
- Presentations

SHELF LIFE STORAGE AND CONDITIONS

- The shelf life of this media is 1 year under normal conditions (15°C – 30°C at a relative humidity 30% - 60%).
- Higher humidity and/or temperature can affect the product performance.
- Always store the media in a dark place in its original packaging.
- Can be protected against abrasion, fading and moisture with self-adhesive and hot melt low temperature laminates.

The following technical details are issued to the best of our knowledge, however, without any responsibility for results due to several different kinds of material and application processes. Therefore, we highly recommend that before every usage a test should be conducted on the original material. Antalis cannot be responsible for any damage to the printer caused by printing our media.
