Code Antalis 400912

Feuillard manuel, trancanné, laqué, noir, 0.600mm,
 Acier, Résistant à 897kg, 19mm x 1000.00m, rouleaux de 50 Kg

08/11/2012

FICHE TECHNIQUE

MECHANICAL CHARACTERISTICS :

Cold rolled and heat treated

FINISHED STRAPPING

width (mm):	19,0+/-0,20 mm
thickness (mm):	0,60+/-0,035
breaking load (avg):	10.100 N
elongation (A5) (avg):	7,0%
elongation (A100) (avg):	2,0%
edges:	deburred edges
finish:	blue annealed and waxed zinc painted and waxed black painted and waxed

STANDARD PACKAGING

coil type:	oscillated wound
outside diameter (mm):	600
inside diameter (mm):	406
width (mm):	approx 66 mm
weight (kg):	approx 50 kgs
pallet size (mm):	675x580x130
coils per pallet (pc):	12
weight per pallet (kg):	approx 600
total height (mm):	approx 920
