

# Premium NeverTear 120µ Wristbands

The Premium NeverTear Matt White 10UP Wristbands are supplied on A4 sheets ready to be fully personalised on demand then peeled off and placed around the wrist. Once removed, each wristband is dry both sides apart from the tamper evident adhesive patch.

- 120 microns Pre-perforated security wrist bands
- Available in Matt white
- Wristband Size: 10 UP 265mmx18mm, 10 wristbands per A4 sheet
- Peel away with no adhesive residue
- Waterproof, tear-proof, greaseproof
- No more middle micro perforation for added robustness
- The new 10UP design will allow for part of the liner to stay at the back of the wristband so they can be removed from the sheet and used individually
- No need to laminate
- Ideal for sport events & music festivals, exhibition, hotels, hospitals...

## Recommended Conditions

Printroom	10°C - 30°C	40% - 55% RH
Usage	-40°C - 120°C	10% - 100% RH
Storage	10°C - 20°C	20% - 55% RH

## Compatibility Guidance

Suitable for most thermal transfer and dry toner (laser/LED/flash fusion) print processes, both mono and colour small-volume, mid-volume & production machines. On such machines the user must establish for themselves the optimum settings and paper path, being aware of the thickness and weight of the material.

PLEASE DO NOT PRINT Wristbands in combination with Dry Toner machine that are using FUSER OIL system, Such as iGen's & NexPresses

PLEASE AVOID printing more than 25% screen in areas where the glue tab will land when the wristband is assembled

PLEASE make sure to ACCLIMATE the material before running

PLEASE MAKE SURE TO place all material NOT run back in the PLASTIC BAG
