

## PAPIER DE PROTECTION RECYCLE BULLE CORDE

Item codes Antalis

400340

06 / 11 / 2023

### CHARACTERISTICS

|                   |                                                                                                                      |
|-------------------|----------------------------------------------------------------------------------------------------------------------|
| DESCRIPTION       | <ul style="list-style-type: none"> <li>Papier bulle corde</li> </ul>                                                 |
| MATERIAL          | <ul style="list-style-type: none"> <li>Papier bulle corde</li> <li>Écru</li> <li>Palette de 11 bobines</li> </ul>    |
| ADVANTAGES        | <ul style="list-style-type: none"> <li>100 % recyclé</li> <li>Souple et léger</li> <li>Facile à manipuler</li> </ul> |
| APPLICATION AREAS | <ul style="list-style-type: none"> <li>En format : intercalaire de protection</li> </ul>                             |

## PAPIER DE PROTECTION RECYCLE BULLE CORDE

### TECHNICAL DATA

| SPECIFICATION         | STANDARD   | VALUE                                    | UNIT             |
|-----------------------|------------|------------------------------------------|------------------|
| Matière               | -          | Papier bulle<br>corde recyclé            | -                |
| Couleur               | -          | Ecu                                      | -                |
| Dimensions            | -          | 1500 x 1044                              | mm x m           |
| Grammage              | -          | 23                                       | g/m <sup>2</sup> |
| Longueur de rupture   | NFQ 03-004 | Sens large > 1500<br>Sens travers > 1000 | m                |
| Allongement           | NFQ 03-004 | Sens large > 1<br>Sens travers > 1       | %                |
| Taux de recyclabilité | -          | 100                                      | %                |

#### EXPLANATION VALUES USED IN TABLE

All above values are typical values at conditioning atmosphere XX% and XX°C according to ISO-standards.

#### REGARDING TOLERANCES

All Technical data provided are average values.  
Very slight variations are possible due to material tolerances.  
We advise to test the required material to ensure suitability for intended application.
